

skorpio gun™

PISTOL GRIP

HIGHLIGHTS

> ERGONOMIC

The Skorpio Gun™ takes advantage of the best handle and trigger in the warehouse industry. Compact size and light weight combine to offer excellent balance, and superior handling.

> RELIABLE

The Skorpio Gun™ is designed to offer high performance in demanding conditions. The robust case with front and back rubber bumpers survives multiple drops, strong shocks and repetitive tumbles.

> INTUITIVE

The Skorpio Gun™ provides all the features needed to make the operator's task easier. The bright, high resolution display with anti-scratch protection guarantees excellent readability while a practical ambidextrous keyboard speeds up data input. It offers a powerful laser reader with "green spot" (Datalogic patent) to provide visible good read feedback.

> STANDARD

The system architecture is based on the powerful X Scale PXA270 series processors with the standard Windows Mobile 6.1 and Windows CE 5.0 operating systems. Its wireless communication capabilities (Bluetooth® and IEEE 802.11 b/g) enable fast transactions and seamless interaction with information systems. Cisco Compatible Extensions CCX V4 certification permits all the advantages offered by a Cisco WLAN infrastructure.
