

SG20

Approved Disinfectants

Purpose

This document defines the lists of products used to test the healthcare versions of the SG20 barcode scanner and base station/charger accessories.

Scope

Substances

All common disinfectants used for anti-bacterial and anti-viral disinfecting in healthcare environments

Products

SG20 healthcare versions and base station/charger accessories

Results

The parts passed the tests with no noticeable effects on the plastics. Products were subjected to temperature and drop tests to confirm that the parts were still in specification after the test.
